1.2 Purpose of the document

This document provides condensed instructions for setting up and running the Backup and Restore functionality in LBP. This information should be considered in conjunction with the Lawson Budgeting and Planning Installation Guide. The Lawson Budgeting and Planning Installation Guide supersedes this document. It is not intended to be used as the sole source for setting up the backup and restore functionality.

If this document is in conflict with the Lawson Budgeting and Planning Installation Guide the instructions in the Lawson document should be followed. The intended audience of this document is Lawson System Administrators and Lawson Database Administrators.

1.3 Notices, Disclaimers and Confidentiality

This document has been written at the request of National Heritage Academies as a means to document their processes and procedures as it relates to the use of the Lawson Budgeting and Planning Application.
